EliSense

Cycle status information, temperature information and all information to optimize both workflow and output at a glance.

EliTrace

With EliTrace you will not only know exactly which cycles have been carried out at what time and date, but also which instruments were sterilized within this cycle.

W&H Steri App

W&H Steri App is an advanced smartphone and tablet application that allows to control and monitor the status of the autoclaves in your dental clinic. Moreover, the app is able to scan and track dental instruments.
